Yarn Amounts

To make Wee baby Elements you need 4 colours of Scheepjes Cahlista, and one color of Scheepjes Soft Fun as the background colour.

Note! Scheepjes Cahlista is a special yarn which is double gassed. This makes it smooth and soft and especially suitable for baby blankets. Because of this process, you need a hook with a smooth, rounded head. We recommend Clover amour or Tulip.

You will need the following:

- 5 x Scheepjes Soft Fun White (2412)
- 1 x Scheepjes Cahlista Colour 1
- 2 x Scheepjes Cahlista Colour 2
- 2 x Scheepjes Cahlista Colour 3
- 2 x Scheepjes Cahlista Colour 4
- 4.5 mm + 5 mm crochet hook

We start Thursday December 6th! Enjoy picking your own yarncolours or yarnkit
